

LARA SUB

DESCRIPTION

The LARA-SUB is a powered cardioid subwoofer system incorporating 2 DAS 18UXN neodymium low frequency transducers with 4" voice coils in a bass-reflex configuration. A single rear-facing 18UXN is used to create the cardioid dispersion pattern avoiding unwanted energy behind the system.

Powering the LARA SUB is a 3 channel Class D amplifier with independent channels powering each of the front-loaded low frequency transducers and the rear facing cardioid speaker. The amplifier's regulated switch mode power supply is equipped with power factor correction reducing power consumption while enhancing reliability and consistency in all operating conditions. The onboard DSP optimizes the signal parameters for front and rear drivers to maximize the rear rejection 14 dB from 40 Hz - 80 Hz average.

Cabinet construction follows DAS's strict construction standards employing birch plywood and the durable ISO-flex™ protective exterior coating. The LARA SUB incorporates captive rigging hardware that makes use of the common LARA rigging bumper, only one bumper type is needed to fly either LARA ARRAY or LARA SUB. The protective metal grilles are backed using acoustically transparent and water repellent fabric. Two recessed handles are located on each side of the enclosure.

KEY FEATURES

- Cardioid powered subwoofer
- 3 x 18" 18UXN neodymium transducers with 4" VC
- 3-channel, 3600 W continuous Class D amplifier
- LARA rigging bumper compatible flying hardware

APPLICATIONS

- Outdoor festivals and live concerts
- Theatres, auditoria and performing arts centers
- Large live music clubs
- Live sound touring/Rental services

SPECIFICATIONS

Performance

Frequency Range (-10 dB)	28 Hz - 125 Hz
Maximum Peak SPL at 1 m *	140 dB

* Measured Maximum Linear SPL

Electronics and Connectors

Nominal Amplifier Power (continuous)	3600 W
Nominal Amplifier Power (peak)	7200 W
Nominal Amplifier Power LF (continuous)	3 x 1200 W
Nominal Amplifier Power LF (peak)	3 x 2400 W
Input Type	Balanced - AES/EBU
Input Impedance	20 kohms
Input Sensitivity	6.2 V (+18 dBu)
Audio Signal Input Connector	1 x Female XLR
Audio Signal Loop Thru Connector	1 x Male XLR
Audio/Data Input Connector	etherCON
Control	ALMA
Audio + Data Loop Thru Connector	etherCON
AC Output Connector	powerCON TRUE1
Current Draw 230 V / 115 V	7.5 /15 A

Enclosure

Enclosure Construction	Birch Plywood
Enclosure Geometry	Rectangular
Rigging	Attachable Rigging System
Finish	ISO-flex Paint

Color	Black
IP Rating	IP43
Dimensions (H x W x D)	555 x 1.170 x 1.015 mm 21,9 x 46,0 x 40,0 in
Net Weight	125,0 kg (275,0 lb)

Components

LF Driver	18UXN
LF Cardioid Driver	18UXN
