SOUND WITH SOUL

## KEY FEATURES

- To be used with 100V / 70V lines
- Maximum Power Handling 120W
- 24V relay included for priority / emergency messages
- Rotatory 5 position selector (minimum = OFF)
- 86 x 86 mm electrical box included

## DESCRIPTION

INTEGRAL-VC1 is a 100V volume control capable of handling power up to 120W. The volume is adjustable with a rotatable selector in 5 steps of -6dB. It is equipped with a relay and separated input for the reception of 24V priority signals. When a priority signal is sent to the controller the volume will automatically switched to the maximum level. This is a very useful tool for emergency and evacuation purposes.
