KEY FEATURES

- 2-way system for outdoor installation
- DX finish (Fiberglass) for direct exposure
- IP56 ingress protection rating
- Twin 6" loudspeaker
- 1"annular diaphragm driver
- Stainless steel threaded fixing points for wall mounts
- Version with 50 W/100 V line transformer

DESCRIPTION

The WR-8826-TDX employs twin 6B woofers for low frequency reproduction. A 1" annular diaphragm compression driver provides brilliant highs. The birch plywood cabinet construction offers an ultra compact design which is available in black or white.

The WR-8826TDX has been designed for the outdoor installation market. The WR-DX finish protects the cabinets from the elements thanks to a fiberglass exterior and gel coat interior protection augmenting their weather resistance when used in direct exposure situations. Stainless steel threaded rigging points and optional mounting hardware are available. The T-version is equipped with 50 W/100 V factory installed line transformer.
